DUI DEFENSE LAWYERS ASSOCIATION

Accessing your Counterpoint Subscription:

First, welcome to Counterpoint – The Journal of Science and the Law.

Your annual subscription to Counterpoint is a members-only benefit of the DUI Defense Lawyers Association (DUIDLA). This feature is new as of May 2017. Within a year, as people join or renew their DUIDLA membership, they will gain access to Counterpoint articles, and our online Forensic Encyclopedia (*a work in progress – give us some time on the many hundreds of entries*).

Counterpoint provides timely educational content, with articles available on-demand wherever you may be – In the office, at court, or anytime you need the information. However, you need to be able to access your subscriber's benefits…

For the most part, subscribers are referred to us monthly as they join or renew their membership with the DUIDLA. Due to the sensitive and confidential nature of the articles and information, an approval process is in place to secure the **Counterpoint-Journal.com** website.

Not just anybody has access to Counterpoint.

TWO ACTIONS MUST OCCUR FOR ACCESS:

We use your e-mail address to create your Counterpoint subscription, granting access to the specific Volume in place at the time of your new subscription from the secured website.

1. **You will receive an automatically generated e-mail with an activation link:**

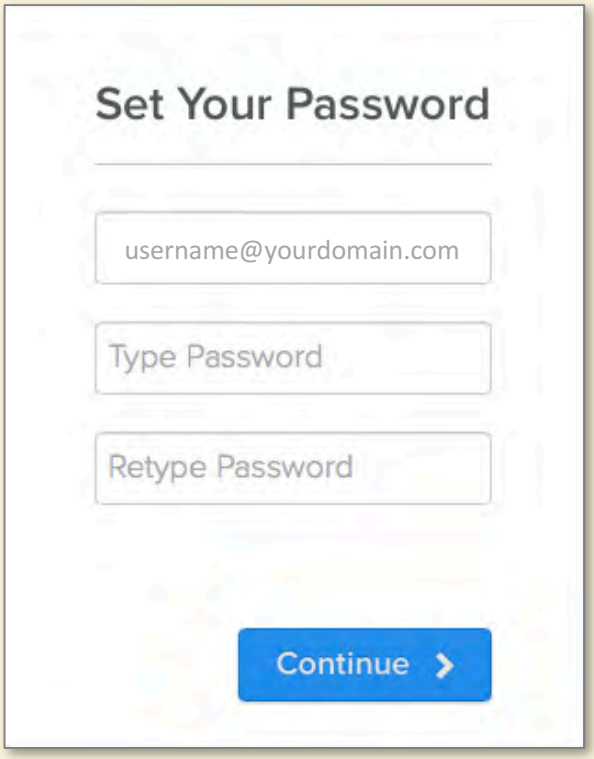
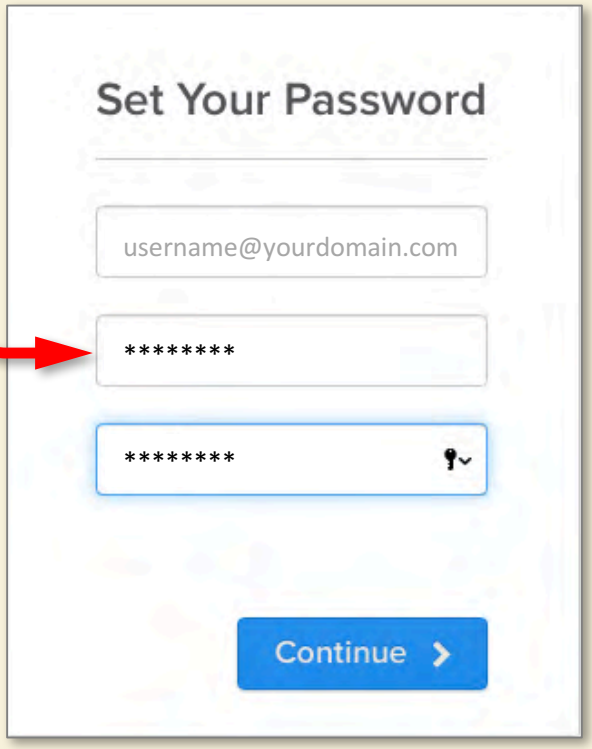
2. **You must click on the activation link, and create a password** so that you can access the website from any web browser or smart device (tablet or phone).

WITHOUT activating the link, you will not have access to the secure Subscribers Only area of the Counterpoint website.



HINT: your password must be a minimum of **8** characters long.



HINT:

If you DO NOT HAVE AN ACTIVATION E-MAIL:

- Simply log in and select the RESET YOUR PASSWORD option.
- You will see a message when your password has been successfully set.

- If you are a regular dues-paying member of the DUIDLA (and we have your e-mail subscription set up) you can do this step even if you have never logged in and created a password before.
